

Universal Fuel Induction Service Tool

- Easy to use
- Vacuum hook-up
- Precision needle valve flow rate adjustment
- Aluminum fittings
- Connects directly to bottle
- Atomizes cleaning fluid
- Hangs from hood

Part# 72175

Uses: G-02021 3-Part Decarb & Fuel Injection Service Kit

Stainless Steel Fuel Injection & Air Intake System Cleaning Tool

- Easy to use
- Stainless steel fittings for long service life
- Performs fuel rail injection service
- Performs decarb fogger service
- Adjustable regulator valve
- Pressure relief valve
- Site glass
- Pressure gauge
- Safety shut off valve
- Requires shop air

Part# 75600 & 74100

Uses: G-02021 3-Part Decarb & Fuel Injection Service Kit

Transmission System Fluid Exchange Machine

- Easy to use one-touch controls
- Plastic molded chassis
- Self-diagnostic system
- One-touch interface panel
- Removable 6-gallon tank systems
- Includes most popular adaptors
- Option colored tanks
- One-touch drain used
- One-touch top off
- Battery powered

Part# 94500

Uses: G-02531 2-Part ATF Fluid Exchange Service Kit

Cooling System Coolant Exchange Machine

- Easy to use one-touch controls
- Plastic molded chassis
- Self-diagnostic system
- One-touch interface panel
- Performs hot or cold (reverse) flush
- Removable 6-gallon tank systems
- Includes most popular adaptors
- Option colored tanks
- One-touch drain used
- One-touch top off
- Battery powered

Part# 94000

Uses: 2-Part Cooling System Flush Service Kit

Power Steering System Fluid Exchange Machine

- Easy to use
- Plastic molded chassis
- Remote control operation
- Removable 5-gallon waste tank
- Dripless couplers
- Heavy duty clear hoses
- Battery powered

Part# - 74900

Uses: G-02161 (AMBER), G-03111 (RED) or G-2951 (EURO GREEN)
2-Part Power Steering Fluid Exchange Service Kit

Power Steering & Differential Fluid Exchange Combo Machine

- Easy to use
- Plastic molded chassis
- Remote control operation
- Removable 5-gallon waste tank
- Dripless couplers
- Heavy duty clear hoses
- Battery powered & air operated

Part# - 95750

Brake Fluid Exchange Service Machine

- Easy to use one-touch controls
- Plastic molded chassis
- On board training guide
- 4 wheels at the same time
- Removable 5-gallon waste tank
- Includes most popular adaptors
- Heavy duty clear hoses
- Battery powered

Part# - 98000

Differential System Fluid Exchange Machine

- Easy to use
- Plastic molded chassis
- Removable 5-gallon waste tank
- Dripless couplers
- Heavy duty clear hoses
- Shop air operated

Part# - 95600

Fuel Injection Service Machine

- Easy to use
- Performs fuel injection service
- Brass components
- Pressure gauge
- Regulator valve
- Shut off valve
- Full set of adaptors available
- 6' braided stainless steel line for safety
- Use with puncture type aerosol can

Part# - 75000

Diesel Fuel Injection Machine

- Easy to use
- Plastic molded chassis
- 3-drawer storage cabinet
- Dodge, Ford & GM adaptors included
- Adjustable pressure regulator
- Fluid pressure gauge
- Service timer with alarm
- 84-ounce supply tank
- Primer pump
- Battery powered

Part# - 72220

A/C Injector Tool

- Easy to use
- Crank system
- Quick disconnect
- Comes with R134 & R12 adaptors

Part# - 76004

Nitrogen Inflation System

- Easy to use one-touch controls
- Converts 1-4 tires simultaneously
Note: Can upgrade to 6 tire unit
- No filter replacement
- No compressor needed
- Nitrogen regulator
- Nitrogen purity tester
- Battery powered. Lithium battery to last all day

Part# - 95150
