

Product Data Sheet

Part # 41601

Advanced Engine Treatment with PTFE

Soltec™ Advanced Engine Treatment with PTFE helps to reduce friction, heat and wear between moving parts. It contains components that prevent oxidation and corrosion which can negatively affect oil viscosity and parts during new car-break-in periods and cold starts.

- Helps reduce sludge and varnish.
- Fortifies the detergents in motor oil that are lost during normal operation or extended oil changes
- Compatible with all types of motor oil and can be used in gas or diesel engines.

Application:

Replace one quart of motor oil with Soltec™ Advanced Engine Treatment with PTFE when adding new oil during an oil change. Add entire contents to crankcase. One 32 oz. bottle treats 4 to 8 quarts of crankcase oil. Drive vehicle for 15 to 20 minutes or idle for 20 minutes.

Packaging: Fill: 32 Oz Case Quantity: 6 bottles Case Weight: 22 lbs
