

# BRAKE FLUID EXCHANGER

The patented Soltec® Pure Brake® Basic Fluid Exchanger is packed full of safety features allowing a complete brake system fluid exchange to be performed on most vehicles in less than ten minutes, includes basic adapter set

**Part #98460**

## FEATURES / BENEFITS

- Adjustable pressure regulator (0-50 psi that allows servicing of higher-pressure systems).
- Automatically shuts off when new fluid becomes low to prevent air from being pushed into the brake system.
- Operates via 12-volts supplied by the vehicle's battery
- Large face pressure gauge
- Single bleeder hose allows a technician to control the pace of the service
- A pressure relief valve that evacuates excess pressure after the service is complete
- Simple operation via centrally located switches
- Removable 5-gallon used-fluid tank
- Includes basic adapter set!

SOME ADAPTORS  
EXTRA

## EQUIPMENT SPECIFICATIONS:

Dimensions:	38.5" H x 18.5" W x 24" D
Weight :	80 lbs. (36.28 kg)
Chassis:	Low-density polyethylene
Power:	12 VDC - 15 AMP max
Tank Capacity:	5 gallon waste
Hoses:	Color-coded adapters
